INSURANCE AND FINANCES

Because insurance companies and coverage varies, coverage will be determined. If suitable, financial arrangements will be made once our patient and family have agreed to services.

Please feel free to ask us questions!

HOW DO I ARRANGE FOR HOME HEALTH CARE SERVICES?

It's as simple as picking up your phone and speaking to one of our Registered Nurses. The nurse will listen to your needs and make recommendation and get approval from your physician.

We can come to your home the same day to assess your situation and begin providing the appropriate care.

WHEN DO YOU NEED HOME CARE?

Home care is for anyone who has been released from the hospital, rehabilitation center or nursing home, if you have had recent surgery, are experiencing the onset of illness, use supportive devices such as wheelchair or walker, or require special transportation and/or leaving your home is medically contraindicated.

WHAT IF I NEED SPECIALIZED SERVICES THAT ADVANCED HOME CARE OF OHIO, INC. DOES NOT PROVIDE?

An Advanced Home Care of Ohio, Inc. Registered Nurse will assist in coordinating and making the necessary arrangement for continuity of care.

WHAT WILL HAPPEN DURING YOUR FIRST VISIT?

- 1) A Registered Nurse will come out to your home:
 - Make a needs assessment.
 - Explain our recommendation of services and determine if you are in agreement.
- 2) If the patient and family agree with the recommendation:
 - The nurse will complete a physical assessment.
 - Obtain a medical history.
 - Discuss the home care service details.
- 3) The nurse will contact your physician for them to:
 - Review and approve of our home care service recommendation.
- 4) Once approval is complete we will create a plan of action and set recovery goals.
